Wydown's coalition is working on their "Lock It Up" campaign geared toward parents, and the CHS coalition has been working on building its TikTok following through a scavenger hunt. They also developed a campaign to address underage drinking and drug use during Spring Break.

We are running ads on Charter Spectrum leading up to and during Spring Break to address underage drinking with parents and youth.

Lili Schliesser shared that she was working on the Continuation Application for our DFC grant for year 5 and would submit the application within the week.

The group discussed the need to capture Match volunteer hours and how to capture those hours each month. Rachel Nicholson shared that she would calculate the hours she and Jill Warner spent on prevention education. Lili asked all coalition members to share their hours spent on coalition work, training, and promotion in the community.

Lili Schliesser shared that the coalition would be applying for the Department of Mental Health's Mini-Grant and would put together a work group to determine the goals and strategies for the grant.

Our coalition has an action item to share stickers with vape retailers that can reduce underage sales. Lili Schliesser shared the sticker and told the group we would be looking for volunteers to deliver those stickers to businesses.

The DEA Rx Take Back is Saturday, April 22 from 10-2pm at the Clayton Police Department. We will be looking for volunteers to share flyers with area pharmacies and staff the event.

Addiction is Real's Hidden in Plain View bedroom set up with over 70 signs of risky teen behavior will be set up during Wydown's Parent/Teacher Conferences on Thursday, March 16 from 3:30-7:30.

**Meeting Norms:** *1. Assume goodwill 2. Come ready to engage to the fullest of your ability 3. Challenge ideas not people 4. Start & end on time 5. Everyone's opinion matters & should be heard 6. Give others opportunities to speak 7. Utilize & share resources 8. Look for opportunities to collaborate*

### **Action Planning:**

Lili Schliesser led an Action Planning session. Attendees broke into groups and brainstormed strategies to address favorable parent attitudes about underage alcohol use. The group reviewed the Logic Model, which presents two local conditions to address:

1. Parents are hosting underage drinking in their homes.
2. Parents do not set clear boundaries around underage drinking.

The groups listed strategies under the 7 Strategies for Community Change. The group then shared and discussed some of their ideas as a group.

Noah Arnow asked what the next steps were for Action Planning with the strategies developed in the groups, and Lili Schliesser shared that she would compile the ideas in the Action Plan and share the final product with the group. The group will then form committees to work on Action Plan strategies over the next grant period.

### **April March Meeting**

The next meeting will be on April 4, 4:00-5:00, in the Board Room at the Admin Center. We will continue our action planning on local conditions around underage cannabis use.
