- Drug Free Communities Grant Management

The White House Office of National Drug Control Policy has decided to recomplete the Awards for the 2025 DFC Support Program to ensure that applicants are in compliance with the President's Executive Orders. DFC Awards are granted every year to drug-free youth coalition organizations across the nation that have applied for federal funding through ONDCP's DFC Support Program. It is imperative that ONDCP protects American taxpayer dollars. Our team is working aggressively to put safeguards in place towards advancing President Trump's America-First policy agenda and mission. We are performing due diligence to ensure that absolutely no taxpayer dollars go to furthering the radical left's agenda. The money remains available for awards. We want to ensure that the money entrusted to our office is being responsibly allocated to the communities that are actually working to protect our youth from drugs.
- Our next meeting will be in person at the Clayton Administration Building.
- Caring for Head and Heart Speaker Series: Potential Risks of Online Gambling Virtual
